“The Five Principles of Biblical Stewardship”

November 12 & 19 - CLC 125 9:15am
Pastor Jim Pressnell

This two week class will explore the five foundational principles of Biblical stewardship. In many ways, Biblical stewardship is so much more than what we often think. It is rooted and grounded in God’s lavish grace and giving in our lives. In the words of C.S. Lewis in *Mere Christianity*, “Every faculty you have, your power of thinking or of moving your limbs from moment to moment, is given you by God. If you devoted every moment of your whole life exclusively to His service, you could not give Him anything that was not in a sense His own already.” Come explore this often misunderstood topic with us.

A Biblical Understanding of THE END TIMES

November 26 - CLC 125 9:15am
Pastor Jim Pressnell

The Bible is full of prophecy about the world as we know it - how it began, and how it will end. As He neared the end of His earthly ministry Jesus gave many forboding signs to watch for that would signal that the end of time was drawing near. For centuries people have been fascinated by these cryptic images in scripture, trying to discern a sequence of events that will warn them of the final days of life on earth. Join Pastor Jim Pressnell as he guides us through a Biblical understanding of the End Times in this fascinating study.
