

Is the New Testament True?

or Did the Disciples Invent These Tales?

This is a 2 week study series discussing evidence presented by Frank Turek on the credibility of the stories we have in the New Testament. Could someone have simply invented what we regard as the New Testament or is there some way of knowing whether the stories actually happened?

Video presentation with discussion

We will also be taking questions from the class for the next series following this one. Example questions:

- How do we know Jesus was the Messiah and not just another religious teacher?
- What about all these contradictions I see and how can Christians believe this?
